Environmental Complaint Evaluation

Inspector: I	Nadine №	looers
--------------	----------	--------

Start Date: 01/07/2025 Completed Date: 01/07/2025

1b. Time of Response 11:16 AM GPS Coordinate: 32.472033 -80.645843 1c. End Date of Inspection 01/07/2025 2. General Comments Complainant reported that Pro Disposal Barnwell on Middle Rd. has an overpowering odor coming from it. Complainant stated that over the past 8-12 months, there is a noxious odor for about one mile along the d down Middle Road and Brickyard Road coming from Pro Disposal Barnwell Resources. (490 Brickyard Point Road South, Lady's Island). Complainant is concerned that residents are experiencing this rong, extremel unpleasant odor, as they drive on these roads to school and work, and then back home. This area of Lad Island also includes several neighborhoods where families must endure the odor 24 hours a day. Complain is concerned that the odor pollutes the air; but could also be contaminating the soil and water. Complainar written letters to Mr. York Glover (Councilman, District 3) several months ago regarding this issue; howeve complainant never received a reply. Complainant also reached out to Beaufort County offices recently, an complainant was advised to contact SCDES about this issue. Inspector rode and walked along Middle Road today (1/7/2025) and detected a slight H2S odor at Walnut Hill Street and didn't detect door along entirely of Walnut Hill Street. Inspector then turned left from Walnut Hill Street back onto Middle Road, and made a right turn on Ardmore, drove along Ardmore and detected a slight H2S odor at Flora Circle. Inspector stopped at the fence near Better the Ever Road and detected a slight H2S odor (this road is directly adjacent to the landfill). Inspector backed un "Private Road No Trespassing" sign. Drove down Brickyard Point Road S from Middle Road to Telfair Man Development at Brickyard Hills Drive and Court, however, didn't detect any H2S odor during entirety of traon Brickyard Point Road South. Arrived at the landfill scale house at 11:42 am. Inspector rode in a landfill owned Atlas ATV driven by landfill operator; and an H2S odor was detected at top of	eneral Complaint Response Section	01/07/2025
Ic. End Date of Inspection O1/07/2025 2. General Comments Complainant reported that Pro Disposal Barnwell on Middle Rd. has an overpowering odor coming from it. Complainant stated that over the past 8-12 months, there is a noxious odor for about one mile along the d down Middle Road and Brickyard Road coming from Pro Disposal Barnwell Resources. (490 Brickyard Point Road South, Lady's Island).
