

Mining Form MR-400

S.C. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL BUREAU OF LAND AND WASTE MANAGEMENT DIVISION OF MINING AND SOLID WASTE PERMITTING 2600 Bull Street, Columbia, SC 29201

APPLICATION FOR A MINE OPERATING PERMIT DHEC FORM MR-400 DATE VERSION ADOPTED 7/1/94

"The South Carolina Mining Act," Sections 48-20-10 through 48-20-310, Code of Laws of South Carolina, 1976, as amended provides in part: "No operator may engage in mining without having first obtained from the Department an operating permit which covers the affected land and which has not been terminated, been revoked, suspended for the period in question, or otherwise become invalided." (Section 48-20-60)

ΑP	PLICANT INFORMATION			
1.	Name of Company:			
	Check form of business entity:	☐ Corporation	☐ Partners	ship
		☐ Limited Partnership	☐ Sole Pro	pprietorship
2.	Name of Proposed Mine:			County:
3.	Home Office Address:	(Street and P.O. Box)		(Telephone No.)
	(City)	(State)	(Zip Code)	(Fax. No.)
4.	Local Office Address:	(Street and P.O. Box)		(Telephone No.)

II. GE	NERAL CHARACTERISTICS OF MINE:
1.	Material(s) to be mined:
2.	Mining Method:
	A. List equipment to be used for mining and provide a brief description as to how the mine will be operated.
	B. Will there be a process plant located at the mine site within the boundary of the permitted area? YesNo If yes, please provide a brief description of the plant equipment and function of the plant.
3.	Do you anticipate blasting as part of the mining operation?YesNo If yes, provide the distance to the nearest inhabited structure not owned or leased by the applicant. Also, provide as an attachment to this application the names and addresses of all the owners of all structures within one-half mile from the nearest point of blasting during the life of the proposed mine. How will flyrock be prevented from being projected from the permitted area?
4.	Has this site been mined in the past? If so, please indicate the present condition of the land.
5.	What is the expected maximum depth of this mine? Provide any additional information about the final depth of the mine that would be useful to the Department. (Example: Final depth of pit will be level to adjacent road, elevation above Mean Sea Level (MSL)).

DHEC 3102 (07/2019) Page 2 of 7

1.		al acres for which permit is being requested:	
		Permitted acres owned by the operator	
		Permitted acres leased by the operator	
No	te:	Permitted acreage should include the following: 1) acres of land to be affected (excavation, prostockpiles, etc.); 2) future area(s) to be mined and 3) land to be used for buffer zones around the The permitted area should be the property described in the LAND ENTRY AGREEMENT(S) (FOOTMR-700).	ne affected lan
2.	Tota	al affected acreage:	Acres
	A)	Area used for sediment control ponds	
	B)	Area used for stockpiles of unprocessed minerals	
	C)	Area used for spoil (overburden) banks, topsoil and disposal refuse (exclusive of tailings impoundments)	
	D)	Areas used for on-site processing facilities and stockpiles of processed minerals	
	E)	Areas used for tailings pond (waste material from mineral processing)	
	F)	Area for access or haul roads	
	G)	Area for excavation during the period of this permit	
		If mining and reclamation are to be done in segments, state the size of each segment (acres) Multiply the size of the segments by 3 and enter the resulting number.	
	H)	TOTAL OF 2A THROUGH 2G	
3.	Che	eck acreage to be bonded: total affected acreage calculated from Section 2.	
		0.00 - 9.99 acres (bond amount - \$10,000)	
		10.00 - 14.99 acres (bond amount - \$15,000)	
		15.00 - 24.99 acres (bond amount - \$25,000)	
		25.00 + acres (bond amount - \$25,000 or greater)	
	App	olicant may submit a reclamation cost estimate for mines that will affect greater than 25 acres.	Estimate sho
	be l	based upon requirements in Regulation 89-200 B.	
4.	per	I this operation be covered by a blanket bond?YesNo If yes, please list your committed mining operations in South Carolina giving mine names, permit numbers and state the prind amount on file with this Department.	

DHEC 3102 (07/2019) Page 3 of 7

coincide with the Schedule of Reclamation as proposed by the applicant in the RECLAMATION PLAN, (Form MR-500) years
IV. PROTECTION OF NATURAL RESOURCES
Will there be a waste water treatment system at your mine site?YesNo
2. Will there be a point source discharge from your plant or mine requiring an NPDES Permit?YesNo If yes, provide information as to how stormwater and groundwater will be managed?
3. Will there be air contaminant emissions from your plant or mine requiring an Air Quality Permit?YesNo
4. Do you anticipate pumping of groundwater?YesNo If yes, describe.
5. Will jurisdictional wetlands be affected, filled or altered in any fashion that will require a Section 404 Dredge and Fill Permit?YesNo
6. Are there any known cultural or historic sites located within the proposed area to be permitted?YesNo
7. Will any part of the permitted area be used as a solid waste describe how waste, trash, scrap metal material, garbage will be handledYesNo
*NOTE: For questions 1-7 that need additional space for explanations, please provide additional information on an attached sheet to this application.
8. Describe the wildlife or freshwater, estuarine or marine fisheries in the area of the mining operation. Also provide information about any ponds and/or streams that may be located in the proposed permitted area.
 State the land cover and land uses on the permitted land area and contiguous tracts of land to the permitted land area.
10. Describe measures to be taken to insure against (1) substantial deposits of sediment in neighboring streams, rivers lakes or ponds; (2) landslides; (3) acid water formation and discharge. Attach any supporting documents (engineering designs, calculations, sediment & erosion control plan, setbacks, geotechnical information, acid prediction test etc.) to this application.

DHEC 3102 (07/2019) Page 4 of 7

V.	SA	FETY
	1.	Describe methods to be used during the time the mine operating permit is active to prevent physical hazards to persons and to any neighboring dwelling, house, school, church, hospital, commercial or industrial building or public road. If applicable, provide the zoning designation for the property to permitted.
	2.	Describe methods to be used to prevent an adverse effect on the purposes of a publicly-owned park, publicly-owned forest, or publicly-owned recreation area. If any of these facilities are within one (1) mile of the proposed affected property, please locate on mine location map and the submitted U.S.G.S topographic map for this application.
	3.	Describe measures to be taken for screening the operation from view from public highways, public parks or residential areas.
VI.	MI	NE MAP
	1.	Provide the U.S.G.S. topographic map(s) that contains the proposed mine site. The proposed permitted area should be outlined on this submitted topographic map.
	2.	Attach two (2) copies of a map of the site (referred to as the MINE MAP) that shows the following:
		A. Outline of the area to be affected by mining during the number of years for which the permit is requested. See Section III, Question 1 on page 3 of this application form.
		B. Outline of the permitted area that shows the buffers zones, future mine areas and areas to be affected by mining.

DHEC 3102 (07/2019) Page 5 of 7

C. Outline of the planned pits or excavations for which your company has detailed plans. If your company has reason to believe that additional land may be mined in the future within the permitted area but is not feasible to

D. Outline of areas for the storage of naturally occurring soil that will be suitable for the establishment of vegetation in

show as planned excavations; indicate these areas as FUTURE RESERVES on this site map.

E. Outline of planned areas for disposal of refuse, exclusive of tailings ponds.

G. Locations of planned access and haul roads on the area to be affected.

F. Outline of planned spoil, overburden or other similar waste material disposal areas.

final reclamation.

- H. Outline of planned tailings ponds.
- Locations of sediment control pond(s) and other sediment control structures within the affected area. Outline of
 areas on which temporary or permanent vegetation will be established to control erosion during the mine
 operation.
- J. Location and name (if appropriate) of streams, lakes, wetlands and existing drainage ditches within the area to be permitted. Use arrows to indicate direction of water flow in such streams and drainage ditches.
- K. Boundary for the 100 year floodplain, where appropriate.
- L. Outline of areas for stockpiles of unprocessed minerals.
- M. Outline of area of previously mined land that will not be affected.
- N. Outline of the area to be occupied by processing facilities including stockpiles of processed minerals if such facilities are to be an integral on-site part of the mining operation.
- O. Show location of the two permanent survey control points.
- P. A legend showing the name of applicant, name of the proposed mine, north arrow, county, scale, date of preparation and name and title of person who prepared the site map.

THE REQUIRED SITE MAP SHALL HAVE A NEAT, LEGIBLE APPEARANCE AND BE OF SUFFICIENT SCALE TO CLEARLY SHOW THE REQUIRED INFORMATION LISTED ABOVE. THE BASE FOR THE MAP SHALL BE EITHER A SPECIALLY PREPARED LINE DRAWING, AERIAL PHOTOGRAPH, ENLARGED USGS TOPOGRAPHIC MAP OR A RECENTLY PREPARED PLAT.

- 3. Provide the most recent county tax map that shows all contiguous land owners of the permitted mine site. Provide name and addresses of all land owners contiguous to the proposed permitted mine site.
- 4. Provide letter from an attorney attesting to (1) the ownership if the property, (2) ownership of the mineral rights and (3) that the applicant has the legal right to mine the proposed mineral resource on the property as described in this application.

We hereby certify that all information and details contained hereinabove, within any supporting documents and on the map are true and correct to the best of our knowledge. We fully understand that any willful misrepresentation of facts will be cause for permit revocation.

The applicant acknowledges that Section 48-20-130, Code of Laws of South Carolina, provides in part:

"Upon receipt of the operator's annual report or report of completion of reclamation and at any other reasonable time the department may elect, the department shall inspect the permit area to determine if the operator has complied with the reclamation plan, the requirements of this chapter, regulations promulgated by its authority, and the terms and conditions of this permit. Accredited representatives of the department at all reasonable times may enter upon the land subject to the certificate of exploration or operating permit for the purpose of making the inspection."
