Bureau of Water (BOW) permits:

Wastewater Discharge (NPDES) and Land Application Permitting
State Construction Permitting
Storm Water NPDES Permitting
Section 401 Water Quality Certification
State Dams and Reservoirs Safety Act Permitting
Construction in Navigable Waters Permitting
State Storm Water Management and Sediment Reduction Act Permitting
Shellfish Sanitation - Certificates and Permits
Public Water System Construction permitting
Individual Residential Well and Irrigation Well permitting
Interbasin Transfer Permitting Program
Underground Injection Control permitting
Groundwater Use permitting
Recreational Waters Construction permitting
Agricultural Animal Facilities permitting

Office of Ocean and Coastal Resource Management (OCRM)

Critical Area Permitting

SC Office of Regulatory Staff (formerly under the auspices of the SC Public Service Commission):

Major Public Utility Facilities permitting for construction and rate increases

Of interest but is not a permitting authority

SC Department of Commerce:

S. C. Aeronautics Commission permits:

None. The FAA handles all airspace requests and local government airport entities seek permits through local governments, DHEC, and USACOE permit programs. SCAC is legislatively mandated to permit airports and related facilities construction but has delegated the authority to the local governments.

S. C. Public Railways Commission permits:

None. SCPRC does not issue permits for railways, rail lines or related facilities. The SCPRC owns rail lines on the old Navy Base, downtown Charleston and a line near Huger, SC and any modifications to those rail lines would require a permit from the local government, DHEC, and the USACOE.

Abbreviations of DHEC and other State Permitting Authorities involved with State CZC
