RE: Reinspection of Dam D-0212 , Rocky Creek WCD Dam 1, Chester County

Dear Mr. McDonald:

On June 16,1998, I conducted a routine reinspection of Rocky Creek WCD Dam #1. I am enclosing a copy of my inspection report on the dam. Overall, the dam appears satisfactory, however some maintenance is needed on the vegetation.

I verified the telephone numbers on the Emergency Notification Plan and a copy is enclosed for your use. Should the dam experience difficulty, the agencies listed on the Plan can provide assistance in possibly closing down stream roads or contacting down stream property owner in case of the need for evacuation you should call them if an emergency occurs.

Provisions in the S. C. Dams and Reservoirs Safety Act require the owner to notify us within 30 days after transferring title or control of his dam to someone else. The notification must include the name and address of the new owner. We are enclosing a blank form for your use in notifying us should control of your dam be transferred.

You will be notified when the next reinspection of this dam is scheduled.

Sincerely

Joe S. Faris, Jr.

District Engineer

Ms. Claudia Dean NRCS Chester Office 744-B Wilson Street Chester, S.C. 29706

RE: Reinspection of Rocky Creek WCD Dam 9, D-0215, Chester Co.

Dear Ms. Dean:

On January 30, 2001, I conducted a reinspection of the above referenced dam. Overall the dam appears to be structurally sound, however the front and rear slopes need to be moved to control vegetative growth.

A copy of the Emergency Notification Plan is enclosed for your use. Should the dam experience difficulty, the agencies listed on the Plan can provide assistance in possibly closing down stream roads or contacting down stream property owners. These agencies should be contacted in case of an emergency occurs.

Provisions in the S. C. Dams and Reservoirs Safety Act require the owner to notify us within 30 days after transferring title or control of his dam to someone else. The notification must include the name and address of the new owner. I am enclosing a blank form for your use in notifying us should control of your dams be transferred.

You will be notified when the next reinspection of this dam is scheduled.

Sincerely,

Joe S. Faris, Jr. District Engineer

WILLAMETTE INDUSTRIES INC/Chester Wood Products ATTENTION: Mr. Heyward Edrington PO BOX 1110 COLUMBIA, SC 29202

RE: Re-inspection of WILLAMETTE CORP DAM, D-0228, Chester County

Dear Mr. Edrington:

On December 2, 2008, I conducted a re-inspection of the above referenced dam with Mr. Heyward Edrington. Overall the dam appears structurally sound. The vegetation on the dam needs to be cut. Two small trees on the dam need to be cut and removed. Trees with 6" diameter or more should not be removed.

A copy of the Emergency Notification Plan is enclosed for your use. Should the dam experience difficulty, the agencies listed on the Plan can provide assistance in possibly closing down stream roads or contacting down stream property owners. These agencies should be contacted in case if an emergency occurs.

Provisions in the S.C. Dams and Reservoirs Safety Act require the owner to notify us within 30 days after transferring title or control of his dam to someone else. The notification must include the name and address of the new owner. I am enclosing a blank form for your use in notifying us should control of your dams be transferred. Please fill out the form showing the new owner is Chester Wood Products.

You will be notified when the next re-inspection of this dam is scheduled.

Sincerely.

Greg Harrington

District Engineer

Ms. Ann Christie NRCS Lancaster Office PO Box 2108 Lancaster, SC 29720

RE: Re-inspection of Little Lynches Creek WCD #12; D-4413, Lancaster Couruty

Dear Ms. Christie:

On October 8, 2007, I conducted a re-inspection of the above referenced dam. Overall the dam appears structurally sound and slopes are being well maintained.

A copy of the Emergency Notification Plan is enclosed for your use. Should the dam experience difficulty, the agencies listed on the Plan can provide assistance in possibly clossing down stream roads or contacting down stream property owners. These agencies should be contacted in case if an emergency occurs.

Provisions in the S.C. Dams and Reservoirs Safety Act require the owner to notify us within 30 days after transferring title or control of his dam to someone else. The notification must include the name and address of the new owner. I am enclosing a blank form for your use in notifying us should control of your dams be transferred.

You will be notified when the next re-inspection of this dam is scheduled.

Sincerely,

be S. Faris, Jr.

Program Manager

Cc Brian Wisnewski

Mr. Jerry Mozingo - 2243 Killian Road Edgemoor, S.C. 29712

RE: Reinspection of Tinkers Creek WCD Dam, D-0216, Chester Co.

Dear Mr. Mozingo:

On June 25, 2001, I conducted a reinspection of the above referenced dam. Overall the dam appears to be structurally sound, however the front and rear slopes need to be mowed to control vegetative growth.

A copy of the Emergency Notification Plan is enclosed for your use. Should the dam experience difficulty, the agencies listed on the Plan can provide assistance in possibly closing down stream roads or contacting down stream property owners. These agencies should be contacted in case of an emergency occurs.

Provisions in the S. C. Dams and Reservoirs Safety Act require the owner to notify us within 30 days after transferring title or control of his dam to someone else. The notification must include the name and address of the new owner. I am enclosing a blank form for your use in notifying us should control of your dams be transferred.

You will be notified when the next reinspection of this dam is scheduled.

Sincerely,

J.c
