Re: SCNONAME 24015 – D 1269
Greenwood County

To Whom It May Concern:

According to our records, you are listed as the Owner(s) of SCNONAME 24015, D-1269. Based on a visual assessment of your dam following the recent flooding, it was noted that your dam is damaged and repairs and/or maintenance are needed to ensure your dam is in compliance with the South Carolina Dams and Reservoirs Act, S.C. Code Ann. 49-11-110, et seq., and Regulation 72-1, et seq.

Under the supervision of a qualified registered professional engineer licensed to practice in South Carolina, you must immediately lower the water level or empty the reservoir, and take any other steps essential to safeguard life and property. Your dam, including spillways and all appurtenances, must be inspected by a qualified South Carolina licensed professional engineer to assess the dam and identify any necessary repairs and/or maintenance. **A detailed report of the engineer's assessment, including findings and recommendations, must be submitted by the engineer to the Department by March 1, 2015.** An application for a permit to make any necessary repairs should also accompany the detailed report submitted by your engineer. The application and other relevant information can be found on our website at: <http://www.scdhec.gov/environment/WaterQuality/DamsReservoirs/DamsPermitting/>.

SCNONAME 24015 – D 1269
